Wines from around the world will include similar winemaking style and price point as the Chatham Hill Wines.

Split into teams, members will learn about the quality, characteristics and flavors of each of the wines through a presentation and then be directed to collaboratively arrive at consensus determining which wine is which.

This will be accomplished through viewing, smelling and tasting of the wines.

What Are Our Clients Saying?

“Our evening at the Chatham Hill Winery was impressive and flowed with class and elegance. What impressed me the most about the evening was how Client focused you were. The team simply loved the Winemaker. His passion for wine making, and the wine tasting adventure was too much for them. We laughed so hard. Steve, your Sommelier, was sensational. From the incredible wines he selected, to the warmth of the glowing candles

against the backdrop of the Barrel room, it was a "Hallmark" moment for sure. My Clients and my team still speak of it. My Clients felt like royalty and called it: “A Five Star dining experience.” Above all...and most importantly....I had one Goal. This was to create a surrounding where people were drawn to relax, have fun and by doing so, RECONNECT with each other and build a tightly more integrated relationship with their peers and my Team. All I can say is that our experience at the Chatham Hill Winery achieved just that. On behalf of my Team, and my Clients, I wish to personally thank you, Jill, Marek, Steve and the staff of Catering Works for a most exceptional evening.

– *David Anthony*, Client Relationship Executive, IBM

“Recently I had the Global Management Team in for a week. They were looking for an upscale location that the team could do that would incorporate some team activities. I reserved the Winemaker’s Barrel Room at Chatham Hill Winery and worked with Jill Winkler. Jill was excellent to work with. I told her what my budget was and she created an awesome evening that got rave reviews from all members of Management. There are so many other events that we can host there! The Barrel room was a big hit.

- *Tracie McLaughlin*, Tyco Electronics

“We have heard nothing but high praises over Chatham Hill Winery being our location for the Welcome to the Triangle event. What a pleasant surprise to leave campus for an event and arrive at such a great venue. Kat and I feel that the event just fell in to place on the night of the event due to your space's flexibility and ease to which it can accommodate a group. I believe that we introduced our young alumni to one of the best wineries in the Triangle area. Thank you again for all of your help and follow through with our event. We definitely look forward to working with you in the future and I hope that we can continue to foster a relationship between our two organizations.

– *Jordan Myer*, UNC

“During our annual team meeting, I chose to bring my globally distributed team to Chatham Hill Winery for some team building activities followed by a special dinner. The staff at Chatham Hill helped me to create a great blind wine tasting that aligned with our meeting theme, and they ensured that every detail was handled smoothly. The dinner in the barrel room caused a loud chorus of "oohs" and "ahhs" when the door was opened, and I was thrilled by the elegance and beauty of the environment. I heartily recommend Chatham Hill as a terrific venue for corporate activities, from client engagements to team meetings! “
