

Testimonials

"I just want to say 'Thank You' for giving us the opportunity to have personalized labels on the wines that we supplied for my daughter Sarah's wedding reception. It made a memorable occasion even more special. The guests who saw the bottles, with labels, thought it made a truly unique touch. And several were given to guests at the end of the evening, to take home as a memento of the day.

I really appreciate the help you gave with the choice of fonts, and coloration on the photo. Having the cases delivered early, and that delivery confirmed, made for one less detail we had to worry about on the weekend of the event.

Again, thanks for being a part of Sarah and Thad's day."

"Chatham Hill's personalized label wine provided us with a unique gift opportunity. With the rebranding of our firm, it reinforced our new logo with our clients. It also gave us the chance to deliver the gifts personally, which is always a nice touch. And to top it off, the wine was very good! We received many favorable comments from our friends and clients."
